cap placed over his face. He stood erect a without faltering, evidently having nerved himself for the solemn event. These on the platform retired to the railing, leaving the doomed man in the centre of the structure. After a few moments of profound quiet, the drop at a preconcerted signal fell. The sound thus occasioned having reached the cars of the promisefious crowd outside of the Old Capitol grounds, but who were not privileged to view the execution, was responded to by repeated shouts of approbation. The convict directly after falling was considerably convulsed in his legs, but the agony was soon over. He hung about fifteen minutes and then was cut down. His body was placed on a stretcher and conveyed to the prison, where it was placed in a coffin
